

# Testimonials & Endorsements

We are proud and pleased to share a sampling of a variety of the testimonials and endorsements we have received from members, Unions, City officials and Universities over the years.

We have also included a sampling of some of the citations and outcomes from the last few months.

This is from a truck driver commending the efforts of one of U.S. Legal's attorneys in Columbus, Ohio:

*"I got a ticket while driving through Ohio and an attorney based in Columbus was able to help me out.*

*"The attorney really knows the tucking laws in his state and is willing to drive anywhere in that state to help out a driver. With so many lawyers looking to make a fast buck by demonizing truck drivers these days, it's nice to see one on the right side of the road for a change."*

Michelle, in our CDL department, talked to our member's insurance agent, explaining the services USL provides to our drivers when it appeared that our member would be denied insurance and, therefore, the ability to make a living as a truck driver. Michelle received this from the driver:

*"Hello, Michelle,*

*"After your talk with Vince [insurance agent], I got the nod and was able to get insurance which enabled me to keep my job! Naturally, I am joining U.S. Legal to help me keep it.*

*"Early on, you showed me what you all could do. Thank you very much as I am very thankful and rejoice. Thank God for U.S. Legal!*

*"Thank you for your effort. The weather got cold here again. I would move there, but I hear gators run faster than a human.*

Below is a letter our CDL Department received from an attorney who handled a ticket for one of our drivers:

*"I am following up with the billing on this matter. I can tell you that you and your client received one hell of a value on this case - especially given the result; the ticket was dismissed outright.*

*"Sincerely,"*

This truck driver had been cited for being in a single lane and having an accident. Expecting the worst, the driver was delighted when the attorney we gave him was able to have the case dismissed and the charges dropped. No fine, no points, and it will not be on his record. The driver sent this to our CDL department:

*"Thank you for appointing such a fine attorney to handle my case! I really thought I was going to lose my livelihood over this. It happened in a city far from home and it scared both me and my wife. I'm so glad I signed up with U.S. Legal."*

A truck driver who had been cited for following too close had this to say:

*"Wanted to let you know that the attorney you assigned me was able to get the charges dropped and the case dismissed. Can't tell you how good it feels to be back on the road without that hanging over my head. Thanks for all your help!"*

*"Dear Mrs. Forbes:*

*"I definitely believe that initiating such services at U.S. Legal Services was a great idea. It works very well, at least for me. I recommend that the companies/institutions which offer their employees the services of your company should popularize the services to a larger extent.*

This e-mail was directed to our CDL Director by a member who had had a long, harrowing day with the threat of a court summons hanging over her head due to a complicated, on-going lawsuit. By the end of that day, all was resolved:

*"Thanks to all of you at U.S. Legal who have been so helpful and understanding.*

*I am thankful that I participate in this program. It has served me well both times I used it before. I am hopeful this will turn out a success (for me), too! I am feeling pretty foolish right now for flying off the handle and being an alarmist. I really hope that you all don't have people like me causing you stress everyday 'cause you guys are great!"*

The following is a sample of the endorsement we have received from the A.F.S.C.M.E., just one of the many companies, Unions and City governments we represent:

*“To ALL AFSCME Presidents:*

*“As President of Local 1907, one of my main concerns is the problems of my members. I have discovered a way to help all of our members save on all of their legal needs and would like to share this plan with you.*

*“In March, we gave our endorsement to U. S. Legal Services, Inc. This has proven to be a great addition to our package of benefits. I would recommend that you take a strong look at the program that USL offers and how it can positively affect the lives of your members. We have used other plans in the past, but USL definitely has provided my members with the level of service that they expect.*

*“Please feel free to call, if you have any questions regarding the level of service we have received.*

*“Sincerely,”*
